

Bottled Water

The District supplies 5 gallon bottled water and dispensers only (no cups) for the mobile sites as long as they are not used for storage.

For any requests for water and service, please contact:

Susan Askoul
Buyer – M&O
(303) 367-3000 (Office)
saaskoul@aurorak12.org

To avoid multiple requests or miscommunications, Susan requests that her point of contact, at each school site with mobile units, be the Secretary. Please coordinate any requests with your site secretary, who will then email Susan with your site's need/request.
